Mr. Swanner,

Thank you for your e-mail on this matter. I believe switching from Safari to Google Chrome fixed this issue and you are now able to see all five pages of the Protestant Letter. Please know that a copy of this is being sent to ORS in accordance with commission policies and procedures to prevent any indirect ex parte communication (where all parties are not included). If there is anything else you need help with, please contact us (use "reply all") and let us know.

Sincerely,

Subject: [External] Re:Request for Clarification of Letter of Protest

I received notice that a Letter of Protest has been filed against this application.

However the Letter of Protest that was filed contained two blank pages with no information.

I am requesting a clarification on what is actually being protested.

Sincerely,

David Swanner
